MAINTENANCE INSTRUCTIONS

General directions

- It is recommended to have a mat at the entrance of the hall for people to wipe their feet.
- The floor may be walked on with regular (clean) shoes (spike heels excepted).
- Be very careful when transporting apparatuses with sharp edges or metal chairs without protective caps.
- Pollution with bituminous products must be removed with a small quantity of white spirit.
- Cigarettes etc. should be put out in ashtrays and not on the floor (this leaves brown stains).
- Do not use shoes with black soles.

Daily maintenance

- Remove superficial dust with a mop.
- Remove dust, sand, etc. with a vacuum-cleaner.
- Remove broken glass, small stones, grit, etc. at once.

Weekly maintenance (or daily when regularly used)

- Wet mopping of the floor.
- Possibly scrub suction machine with soft brushes.
- We recommend the use of Herculan GT Multi Cleaner as cleansing agent.
